

Min-U-Script Pro™ Version 3.1 Upgrade

READ ME FIRST

January 30, 2010

The following document outlines the NEW and Enhanced Features in Version 3.1, as well as upgrade installation instructions. Additionally, we have added a video demo of “What’s New in V.3.1” to our Video Demo section of our website (located under Min-U-Script Pro product “Demos/Samples”). We have also updating our Video Tudor Complete Video Manual (available from the Help screen or www.minuscript.com web site) to include the new features in 3.1” for quick “how-to” info on all Min-U-Script features. Please take the time to review this information prior and after downloading your upgrade or new installation.

We are confident that you will enjoy the outstanding features of Min-U-Script Pro 3.1 as much as we have in continuing to develop *“the best in transcript production, delivery and management.”*

Installation of Min-U-Script Pro 3.1 Upgrade

If you are upgrading to Version 3.1 from version 2.0 thru 3.0, **do not** download the Evaluation Version 3.1 found in the products and demo section of the web site. **YOU MUST UPGRADE FROM THE SUPPORT SECTION OF THE NEW MIN-U-SCRIPT WEB SITE. YOU WILL ALSO NEED TO ENTER YOUR CURRENT PRODUCT CODE INTO THE USERNAME AND PASSWORD FIELDS. YOUR PRODUCT CODE CAN BE FOUND IN YOUR MIN-U-SCRIPT PROGRAM BY GOING TO HELP> ABOUT.**

NETWORK UPGRADES will use the same installation, on each workstation, as standalones as you will not be installing directly to your network drive.

OLDER VERSION UPGRADES – for upgrading Versions 2.0.0.7 or 2.0.0.4 you should upgrade using the 3.0 evaluation install or call Tech Support 888-877-1187.

Once you have filled in the information, you can download and run the upgrade making sure you use all the default drive/folder locations you have previously selected. The installation will not override any previously saved information or files in your library.

NEW FEATURES

Version 3.1 contains a number of new and exciting features. They include:

- **Exhibits Only Bundle By Individual File, Selected Files or the Entire Case**
- **Deposition Scheduling Link to Your Website Scheduling Page with Every File**
- **Exhibit Data Report with Individual Exhibit Size and Number of Pages as well as Total Number of Exhibits, Total File Size and Total Number of Pages**
- **FREE Evaluation of our New Min-U-Script Scan Pro Utility for Faster and Easier Scanning of Exhibits**
- **Errata Sheet Insertion**
- **Repagination Utility for Renumbering Pages of ASCII Files on Multiple Volume Depositions, Trial and Hearing transcripts**
- **Added Font Selection, Header Styles, Electronic Signature Sizes**
- **New Court Pages Repository Support for Transcript and Exhibit Files**
- **NEW Min-U-Script Marketing Tools Including User Customizable Flyer and PowerPoint**
- **And many Internal Productivity and Format Enhancements**

Thank you for reviewing this information and again, we trust that you will benefit from the features in Min-U-Script 3.1. In our continuing efforts towards providing you outstanding features and value, we sincerely appreciate your comments info@minuscrypt.com.
